Event Entertainment

Enthuse has an award winning track record of over 21 years of adding an enthusiastic creative spark to conferences and events all over New Zealand and Australia with professional improvisation acting, mc-eeing, speaking, entertainment options, that include our popular Singing Waiters and red carpet paparazzi event entertainment themes, and project management.

We can save clients time and money as we really do offer so much under the one roof – entertainment, theming, **team building**, a professional speaker and a mc, and event management, all tailored to the needs of our clients. We can package up our entertainment services, so the more involved we get, the more time and money we can save our client's!

We specialise in providing actors and entertainers that are multi-talented and can act as part of an event theme, and then transform into the evenings themed band, filling the dance floor. If required we can mc the event as well and provide event management...
